Summer School on
AI & Generative AI for Medical Applications

July 2 – 5, 2026 **EL Mouradi, Mahdia, Tunisia**

The Summer School on Artificial Intelligence and Generative AI in Medical Applications will explore key areas of AI and deep learning, with a particular focus on healthcare, including medical imaging, clinical data analysis, and generative modeling.

Major challenges and emerging trends will be addressed through lectures, round tables, and hands-on laboratory sessions over four days, providing participants with an interactive and collaborative learning environment.

Organized by the ATSI Association, in collaboration with the IEEE International Conference ATSIP and the Tunisian ministry of higher education and scientific research through a Collaborative Research Program number *PRC2024-D3P03*, this event will offer graduate students, researchers, and professionals a valuable opportunity to exchange ideas, engage with leading experts, and explore innovative approaches to addressing real-world medical challenges using advanced AI technologies.

Lead Trainer: Bassem BEN HAMED,

- Professor in Applied Mathematics at ENET'Com
- Senior Instructor Huawei Artificial Intelligence
- Instructor CDOSS Machine Learning & Deep Learning & MLOps

HUAWEI DataCamp Training

Program:

	COURSES	HANDS-ON LABS
Day 1	• Tensors for Medical Data • CNNs: ResNet, EfficientNet for Radiology	• Medical Image DataLoaders • Training Loops for Pathology Classification
Day 2	• Transfer Learning in Medicine • RNN/LSTM for Biosignals: ECG/EEG, • Explainability: Grad-CAM for Diagnosis	• Fine-tuning Chest X-Ray Models • Arrhythmia Detection • Clinical Model Auditing
Day 3	• Medical Autoencoders • VAEs for Data Augmentation • Diffusion Models for MRI Synthesis	• MRI/CT Denoising • Synthetic ECG Generation • Medical Image Inpainting
Day 4	• Vision Transformers for Histology: VIT, SegFormer • GANs for Cross-Modal Translation: MRI to CT	• MRI to CT Synthesis • ViT for Skin Lesion Classification • Capstone Medical Project

Registration:

Registration Fee: **Students: 300€** **Others: 500€**

Payments: need to be made to the following bank account:
Account holder: Association des Technologies du Signal et de l'Image
Bank name: Tunisian Post
Account number: 1770 1000 0002 2241 0834
IBAN code: TN59 1770 1000 0002 2241 0834
Swift code: LPTNTNTT
